Career Objective:

Looking forward to exciting projects, Challenging work kindles me to work up to the best of my potential. I wish to work for an organization where I can get good environment to develop my technical, analytical, and functional as well as my interpersonal skills by innovative ideas/technologies so as to achieve new standards of excellence and organizational objectives.

Qualification	School/College	University/Board	Year	CGPA
Undergraduate (B.Tech)	KKR AND KSR INSTITUTE OF TECHNOLOGY & SCIENCES-Guntur	JNTUK	2020-2024	8.69
Intermediate	Sri Chaitanya Junior college-Guntur.	Board of Intermediate education-AP	2018-2020	8.8
SSC	Bhashayam High School- Guntur.	Board of Secondary education-AP	2018	9.3

Skills:

- Good communication and leadership skills.
- Basics of C,Python.
- Good knowledge on Java programming.
- Ability to communicate with higher authorities and dealing issues in a smoother way.
- Basic knowledge on Data Structures and its algorithms.

Projects:

- **AMIGO-ASSIST:** The whole theme of our work is to provide assistance to the vehicles which had broken down in an unknown location.
 - The project is to create a web application that should be user friendly so that user's can easily access our web page.
 - Based upon the location of the user the nearby mechanic shops will be displayed for them, then the users select any of our partnered mechanic shops.
 - In case, If user's vehicle had exhausted without oil, our team will provide the basic requirement of 1 litre so that they can reach nearby filling station.

→ In case of any emergency user's can appeal to the emergency lines or patrolling department, for seeking assistance.

- **Weather Reporting System:** The project's main theme is to predict the surrounding weather by using sensors and to create an IoT component which will report the weather to connected device.
 - Here, we use rain, light, humidity sensors to predict the surrounding weather conditions.
 - These sensing components will send the information to the connected device like mobiles.laptops etc...
 - Based on that information we can easily predict the weather conditions outside.
 - All these components collectively called as IoT device.

Achievements and Additional Section:

- Participated in college level hackathon on Full stack development and had won first prize.
- Member of Entrepreneur Ship cell.
- Jeevan Kaushal club coordinator.
- Handling our college NSS unit's official Instagram account.
- Appointed as president of NSS.
- Best Co-ordinator of our batch(2020-24).
- Won silver medal in datchball zones.
